**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

**ENVIRONMENTAL HAZARDS:**-For Product packaged in 5 gal. container or larger, do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing

prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**DISINFECTANT-DEODORANT-GERMICIDE-CLEANER**

A powerful, pleasant disinfectant, germicide and deodorant. This product is especially recommended for use in stables, barns and outbuildings, apartment buildings, households, schools, office buildings, industrial plants, for disinfecting floors, walls, sinks, bathrooms, toilets, urinals, and outhouses. Can be used as a deodorant which is noticeable from 1 to 3 hours after use.

It is instantly soluble in water, forming a milky white emulsion which does not separate on standing. When mixed with water in recommended dilution does not stain the walls, floors, or clothes, and leaves a pleasant and fragrant odor of pine.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR DISINFECTING PREMISES:** Remove gross filth from surfaces prior to disinfecting. Prepare a solution of 3 1/2 Tablespoons of disinfectant to one gallon of water. Wet surface thoroughly with the disinfecting solution and allow to remain for 10 minutes.

**FLOORS:** When mopping or scrubbing, use 3 1/2 Tablespoons of disinfectant in each gallon of water in bucket.

**TOILET ROOMS, COMMODES, and URINALS:** Wash the commode and urinal bowl regularly with a solution of 3 1/2 Tablespoons of disinfectant in each gallon of water, leaving the solution in the commode and urinal as long as possible. Scrub the floor and seat frequently with this solution. Remove residual bowl water from toilet before application of disinfectant.

**GARBAGE RECEPTACLES:** To aid in deodorization, sprinkle with a solution in the proportion of 4 Tablespoons of disinfectant to a gallon of water. Rinse the empty can with some of the solution and leave the wash in the can.

**TYPHOID SICKROOM:** In the disinfecting of bed frames, floors, walls, bed pans, clothing, bed clothes, utensils, use 6 Tablespoons per gallon. Soak clothing and bed clothes in recommended use dilution before laundering. For utensils and bed pans follow with a rinse of potable water.

**STORAGE AND DISPOSAL**

Do Not Contaminate Water, Food or Feed by Storage or Disposal.

**PESTICIDE STORAGE:** Store in a dry place between 60° F and 120° F.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL: If Empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**WARRANTY:** Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
