Base Label

PEEL OPEN HERE

House Plant Insect Killer provides fast and effective control of certain destructive insects on ornamentals listed below. This clear, stable emulsion leaves no oily residue and can be used indoors or in greenhouses.

Kills: Aphids, Whiteflies, Mealybugs, Thrips and Leafhoppers.
Plants: African Violets, Begonias, Geraniums, Wandering Jew, etc.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To control the listed insects, adjust the spray nozzle to deliver a fine mist. Spray to thoroughly cover upper and lower leaf surfaces. Repeat applications weekly or as necessary to maintain control. For best results, spray in the evening or on a cloudy day when air is still. Avoid using in hot, bright sunshine.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378.

Front Cover

FIRST AID	
If inhaled:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
If on skin or clothing:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.
If in eyes:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
