LAWN WEED

Killer Concentrate

**Kills The Weeds
Not The Lawn**

**Kills Even The
Tough Weeds,
Roots and All**

**Starts Working
Overnight**

ACTIVE INGREDIENT:
Dimethylamine Salt of 2, 4-dichlorophenoxyacetic acid 5.56%
Dimethylamine Salt of (+)-(R)-2-(2-methyl-4-chlorophenoxy)propionic acid 1.34%
Dimethylamine Salt of dicamba: 3,6-dichloro-o-anisic acid 0.62%
INERT INGREDIENTS..... 92.48%
TOTAL..... 100.00%
This product Contains:
4.62% 2, 4-dichlorophenoxyacetic acid equivalent, 1.11% (+)-(R)-2-(2-methyl-4-chloro-
phenoxy)propionic acid equivalent, 0.51% 3,6-dichloro-o-anisic acid equivalent
Isomer Specified by AOAC Methods
Contains the single isomer form of Mecoprop-p

Lawn Weed Killer

**STOP! READ THE ENTIRE LABEL FIRST. OBSERVE ALL
PRECAUTIONS AND FOLLOW DIRECTIONS CAREFULLY.**

PRECAUTIONARY STATEMENTS

Hazard to Humans & Domestic Animals

Gardener's Choice™ **CAUTION:** Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wear face shield or goggles when mixing, loading or applying this product. When using this product, wear long-sleeved shirt, long pants, socks, shoes and rubber gloves.

After using this product, rinse gloves before removing, remove clothing and launder separately before reuse, and promptly and thoroughly wash hands and exposed skin with soap and water. Remove saturated clothing as soon as possible and shower.

FIRST AID

If inhaled:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.
If on skin or clothing:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If in eyes:	<ul style="list-style-type: none"> Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call toll-free 1-877-800-5556 for emergency treatment information.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water. Do not contaminate water when disposing of equipment washwater. When cleaning equipment, do not pour the washwater on the ground; spray or drain over a large area away from wells and other water sources.

Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D and MCPP-p have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D and MCPP-p pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing and transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment area until spray has dried or dust has settled.

WHERE TO USE

Gardener's Choice Lawn Weed Killer may be used on residential and ornamental lawns, vacant lots, playgrounds and other similar areas where broadleaf weeds are present. Established turf of bahiagrass, bermudagrass, Kentucky bluegrass, centipede grass, fescues, perennial ryegrass, St Augustinegrass, and zoysiagrass may be treated. This product is especially effective on all hard-to-kill weeds such as poison ivy, poison oak, sheep sorrel and spurge. In addition, Gardener's Choice Lawn Weed Killer controls most other broadleaf weeds, including sensitive weeds such as chickweed, clover, dandelion, knotweed and plantain. A partial list is given on a following panel.

OTHER USE PRECAUTIONS

Do not allow drift onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants since injury may result. Do not pour spray solutions near these plants. Whether using a hose end sprayer or pressure sprayer, do not use sprays that are fine because they can drift and cause damage to nontarget plants. Coarse droplet sprays are less likely to drift. Use only lawn-type sprayers.

Do not spray on carpetgrass, dichondra, Lippia, nor on lawns or turf where desirable clovers are present.

Do not spray roots of trees and ornamentals.

Do not exceed specified dosages for any area; be particularly careful within dripline of tree and other ornamental species.

This product may be injurious to St. Augustinegrass and centipede grass if misapplications occur. Do not apply this product to 'Floritam' St. Augustinegrass in Florida.

The maximum application rate to turf is 2.0 pounds 2,4-D acid equivalent per acre per application per site.

The maximum number of broadcast applications per treatment site is 2 per year.

WHEN TO USE

- Spray at any time during the growing season when weeds are actively growing.
- On new lawns, wait until the grass has reached a height of 2 inches before making an overall spray treatment. However, a spot treatment may be made at any time with a small pressure sprayer. Wait 3 weeks after treatment before seeding grass seed or planting sprigs or stolons.
- Poor weed control may result if spray is applied during drought or just before rain.
- For best results, mow before treatment.
- Do not water lawn within 24 hours after treatment.

HOSE END SPRAYERS

HOW TO APPLY

Shake well before applying. Connect spray nozzle to hose. Remove bottle cap and screw bottle onto nozzle. Turn the "ON/OFF" switch on top of the nozzle right to left to "OFF". Turn on the water at the tap. When ready to treat, turn the "OFF/ON" switch to its center "ON" position. The water mixes automatically with the product at the proper ratio. Walk and spray at a steady pace. Each mark on the side of the bottle covers 1,000 to 1200 square feet.

Use a hose end sprayer designed for home lawn care. Refer to charts 1 and 2 for the proper amounts of Gardener's Choice Lawn Weed Killer. Determine the area of turf to be treated. Pour the recommended amount of product (column 1) into the bottle, add water to the indicated level (column 2), and spray uniformly on turf areas shown in column 3.

CHART 1

Amounts of Gardener's Choice Lawn Weed Killer for bahiagrass, bermudagrass, Kentucky bluegrass, fescues, perennial ryegrass, and zoysiagrass lawns applied with hose end sprayers.

Column 1		Column 2	Column 3
Amount of Lawn Weed Killer to Use (Tablespoons)	(Fluid Ounces)	Fill Bottle to, Gallons	Area to Treat, Square Feet
10 to 12	5 to 6	5	950
20 to 24	10 to 12	10	1900
30 to 36	15 to 18	15	2850
40 to 48	20 to 24	20	3800

NOTE: For these grasses apply the entire contents of this container (32 fluid ounces) on 5,000 to 6,000 square feet of turf.

CHART 2

Amounts of Gardener's Choice Lawn Weed Killer for centipede grass and St. Augustinegrass lawns applied with hose end sprayers.

Column 1		Column 2	Column 3
Amount of Lawn Weed Killer to Use (Tablespoons)	(Fluid Ounces)	Fill Bottle to, Gallons	Area to Treat, Square Feet
6	3	5	950
12	6	10	1900
18	9	15	2850
24	12	20	3800

NOTE: For St. Augustinegrass and centipede grass apply the entire contents of this container (32 fluid ounces) on 10,000 square feet of turf.

Page 1

**PRESSURE SPRAYERS, BACKPACK SPRAYERS,
OR OTHER MANUALLY OPERATED SPRAYERS**

Prepare the appropriate amounts of spray mixtures according to **CHART 3**. Measure the recommended amount of Gardener's Choice Lawn Weed Killer into the spray tank and dilute with the proper amount of water. Use a spray pattern with small droplets and treat the area indicated in Chart 3.

CHART 3

Amount of Lawn Weed Killer to Use		Amount of Water in Sprayer, Gallons	Area to Treat, Square Feet
(Tablespoons)	(Fluid Ounces)		
2 to 2.4	1 to 1.2	3/4	190
4 to 4.8	2 to 2.4	1 1/2	380
8 to 9.6	4 to 4.8	3	760

B. For centipede grass and St. Augustine grass lawns.

Amount of Lawn Weed Killer to Use		Amount of Water in Sprayer, Gallons	Area to Treat, Square Feet
(Tablespoons)	(Fluid Ounces)		
2 to 2.4	1 to 1.2	3/4	380
4 to 4.8	2 to 2.4	1 1/2	760
8 to 9.6	4 to 4.8	3	1520

SPOT SPRAYING

To spray individual weeds, do not use a hose end sprayer. Mix 1 fluid ounce (2 Tablespoons) of Gardener's Choice Lawn Weed Killer in 1/2 gallon of water in a pressure sprayer. Spray to wet individual weeds.

HARDY WEEDS

For hardy weeds such as clover, ground ivy, oxalis, sheep sorrel, dock, thistles, and morningglory, and Virginia buttonweed in lawns and other areas, repeat application in two to three weeks if necessary.

CONTROLS

SENSITIVE WEEDS:				
Bedstraw	Chickweed	Knotweed	Plantain	Shepherdspurse
Black Medic	Clover	Lambsquarters	Purslane	Wild Lettuce
Buckhorn	Dandelion	Peppergrass	Ragweed	
HARD-TO-KILL WEEDS:				
Chicory	Lespedeza	Pigweed	Speedwell	Wild onion
Dock	Mallow	Poison ivy	Spurge	Yarrow & many other broadleaf weeds.
Ground Ivy	Morningglory	Poison oak	Virginia Buttonweed	
Healall	Oxalis	Sheep Sorrel	Wild Carrot	

STORAGE AND DISPOSAL

STORAGE: Keep from freezing. Store in original container in a locked storage area inaccessible to children and pets. Do not store near food or feedstuffs.

DISPOSAL: If empty: Do not reuse container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or toll free number (1-800-CLEANUP) for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants only that the chemical composition of this product conforms to the ingredient statement given on the label, and that the product is reasonably suited for the labeled use when applied according to Directions for Use. No other express or implied warranties are made or intended. No employee or agent of the seller is authorized to vary or exceed the terms of this Limited Warranty and Disclaimer in any manner.
