

**Precautionary Statements**  
**HAZARDS TO HUMANS & DOMESTIC ANIMALS**  
**CAUTION**

Keep away from humans, domestic animals, and pets. May be fatal or harmful if swallowed or inhaled. Avoid eye or skin contact. Do not breathe dust. Avoid contamination of feed or food-stuffs. Avoid contact with acids.

**FIRST AID**

Any person applying zinc phosphide products and experiencing signs and symptoms such as nausea, abdominal pain, tightness in the chest, or weakness, should be seen by a physician immediately.

**If Swallowed:** Immediately call a Poison Control Center or Physician, or transport the patient to the nearest hospital. Do not drink water. Do not administer anything by mouth or make the patient omit unless advised to do so by a physician.

**If in the eyes:** Flush with plenty of water. Get medical attention if irritation persists.

**If On Skin:** Remove contaminated clothing and wash affected areas with soap and water.

**ENVIRONMENTAL HAZARDS**

This product is toxic to birds and other wildlife. Do not allow pellets to be exposed on soil surface. Do not apply where runoff is likely to occur. Do not apply to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**Notice:** It is a Federal offense to use any pesticide in a manner that results in the death of a member of an endangered species. The use of this product may pose a hazard to Federally designated endangered/threatened species. Suggested measures to protect endangered species in your county may exist in an EPA "Interim Measures" pamphlet. You may call EPA's Endangered Species Hotline, (800) 447-3813, to find out if an "Interim Measures" pamphlet exists for your county and have one sent to you. You can also consult your local county extension office or pesticide state lead agency to determine whether they have imposed any requirements in your area to protect endangered and threatened species.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Read this entire label and follow all use directions and use precautions.**

**Use Restrictions:** For use against pocket gophers in lawns and other non-crop areas. Do not apply in gardens and areas where food or feed may be contaminated. **Only apply the bait underground.** Collect and bury all dead animals found above the ground. This product is to be used in manual applications only. Do not apply this product by use of an artificial burrow builder.

**Specific Directions for Pocket Gophers:** Burrowing pocket gophers (Thomomys spp. and Geomys spp.) throw out low, fan shaped mounds on either side of their underground tunnel. These lateral tunnels coming to the surface are on the flat side of the fan and are plugged with soil.

**To locate underground runways:** Use a metal rod, a strong smooth stick or other suitable instrument to probe the ground 10-15 inches away from fan-shaped gopher mounds. Begin probing on the flat side of the fan. When the main runway has been entered, the probe will drop about 2 inches due to decreased resistance from the soil. Using a long-handled spoon or mechanical probe, drop one teaspoon of **Dexol Gopher Killer Pellets 2** into the main runway at each baited point. Cover the opening with sod, a rock, or soil to exclude light. Take care not to cover bait with soil. Depending upon mound density, make two to five bait placements per burrow system. Recover and bury all spilled pellets.

**STORAGE & DISPOSAL**

**STORAGE:** Store only in original container, in a dry acid-free place inaccessible to children and pets.

**PESTICIDE DISPOSAL:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**CONTAINER DISPOSAL:** Do not reuse this container. Place in trash or offer for recycling if available.

**WARRANTY:** Buyer assumes all responsibility for safety and use not in accordance with directions and precautions.

For information on this pesticide product (including health concerns, medical emergencies or pesticide incidents) call the National Pesticide Telecommunications Network at 1-800-858-7378.
